Dear Implementation Committee Members,

Lithuania highly supports the work done by the Implementation Committee and agrees with the Committee decision made at its forty-first session to make all the correspondence on the ongoing deliberations of the compliance matters regarding the Ostrovets nuclear power plant promptly available to the two Parties concerned.

As requested Lithuania authorises the Committee to share with Belarus Lithuanian letters addressed to the Committee since its fortieth session, including the annual progress report of Lithuania for 2017 and the letter dated as of 28 February 2018, as well as its future correspondence, except if confidentiality is explicitly requested.

Lithuania would like to express its expectations that Belarus is going to demonstrate the same openness and the correspondence supplied to the Committee by Belarus, including annual reports, will be shared with Lithuania.

Yours sincerely,

  
~~Vice-Minister~~  
Dalius Krinickas
