Please see details related to case at the UNECE Aarhus Convention Compliance Committee ( <http://www.unece.org/env/pp/ccBackground.htm> ) relating to renewable energy and environmental legislation in the Republic of Ireland. As can be seen from the "Annex - Questions to the Communicant", there is information relating to the above remedies at National and European level, which has to be replied to in Question 3. I await your responses and updates on these matters.

Pat Swords
