Stop trying to avoid answering the question that was asked in the AIE request. I made it clear that I was requesting an internal review on the second question related to the timeframe for processing a foreshore license. You chose not to complete an internal review as it didn't suit the political games you are playing, which are in breach of the legislation.

Dear Mr. Swords

The decision letter in respect of your request under the AIE regulations issued within the period prescribed in the relevant legislation (Article 7(2)(a) of S.I. 133 of 2007).

(2) (a) A public authority shall make a decision on a request and, where appropriate, make the information available to the applicant as soon as possible and, at the latest, but subject to paragraph (b) and subarticle (10), not later than one month from the date on which such request is received by the public authority concerned.

I'm unclear as to how my reply effectively states that the Department has an unlimited time period to process an application under the AIE regulations?
