Dear Mr. Swords

The finalisation of the Strategic Environmental Assessment relates solely to the proposed Section 60 Policy Direction to place a cap on MSW that can be incinerated.

However, once the Statement on Waste Policy is finalised, and approved by Government, it is anticipated that SEA and/or RIA will be required in respect of certain legislative changes that will be required to give effect to whatever recommendations emerge in the finalised statement following consideration of all the submissions received.

Invitation for Submissions

*In the context of the publication of the draft Statement of Waste Policy, the publication of the report of the International Review of Waste Policy and in advance of finalising the Strategic Environmental Assessment, relevant stakeholders and any other interested parties are invited to submit submissions or comments on the report's recommendations or in the case of previous submissions, to update or submit additional material if required.

*

It is not clear from the above if a Strategic Environmental Assessment is being prepared for the new Waste Policy announced on your website: <http://www.environ.ie/en/Environment/Waste/News/MainBody,23402,en.htm> or is it solely a finalisation of the environmental report on the website relating to the proposed Section 60 cap on incineration.

Please clarify.

Regards

Pat Swords
