Subject: Follow-up on Communication ACCC/C/2010/54

Dear Ms Dela Cruz,

In our reply to your note of 15 July 2013 - whereby you invited us to submit information on progress by the European Union in implementing the recommendations of the Aarhus Convention Compliance Committee (ACCC) on communication ACCC/C/2010/54 – we indicated that the Commission was preparing letters addressed to all EU Member States, informing them of the findings and reminding them to respect the provisions of the Aarhus Convention on public participation should the need to submit an amended National Renewable Energy Action Plan arise. We added that we would keep you informed on these letters, once they have been transmitted to the EU Member States.

Please find enclosed a copy of these letters, which have in the meantime been sent to all EU Member States.

Best regards,
Angelika Wiedner
