Executive Education

The Postgraduate Diploma on Road Safety Management and Leadership

With the support of RACE, this program is offered by UNITAR and CIFAL Madrid in partnership with the [European University](#), with the objective of empowering professionals responsible for road safety with advanced knowledge and practical tools that will enable them to reduce traffic related injuries and fatalities.

It offers a unique curriculum with a study option in 1 language (Spanish), and a course designed around 4 modules:

1. Urban mobility
2. Road safety factors and preventive policies
3. Road knowledge, regulations and training
4. Research and international projects

Thank you!
