

7 TIR CARNET

7.1 EXAMPLE OF A TIR CARNET DULY FILLED-IN

1. The TIR Executive Board (TIRExB), in cooperation with the Customs authorities of Germany, Italy, Switzerland and Turkey as well as with the IRU, prepared in 2002-2003 an example of a TIR Carnet duly filled-in, which could serve as a model for transport operators and Customs authorities for the correct filling-in of the TIR Carnet. The example takes into account the modifications to the layout of the TIR Carnet (Annex 1 to the Convention) which came into force in 2002 (ECE/TRANS/Amend.21; entered into force on 12 May 2002).

2. It is common knowledge that some of the major complications in the procedures of Customs clearance are a result of situations which rarely occur in practice. As far as the TIR procedure is concerned, such non-standard situations refer to TIR transports covering several Customs offices of departure and/or destination (Article 18 of the Convention) or including a suspension of the TIR procedure in line with Article 26 of the Convention. To address all such issues, the TIRExB has developed a complex example, which combines such features as:

- (a) it represents a typical transport operation;
- (b) it covers the maximum permissible number of Customs offices of departure and destination, i.e. four.
- (c) two Customs office of departure are situated in the same country;
- (d) two Customs offices of destination are located in different countries;
- (e) it includes a suspension of the TIR procedure during a non-road leg of the TIR transport.

Details of the itinerary are given in the table below:

Customs office, country	Status	Comment
Trabzon, Turkey	Office of departure (1)	
Erenköy, Turkey	Office of departure (2)	
Haydarpaşa, Turkey	Office of exit	TIR transport is suspended
The goods are transported by sea from Turkey to Italy under suspension of the TIR procedure.		
Porto of Trieste, Italy	Office of entry	TIR transport is resumed
Porte, Chiasso, Italy	Office of exit	
Chiasso-Strada, Switzerland	Office of entry	
Bern, Switzerland	Office of destination (1)	Partial termination. ^{*/} In accordance with Annex 10 of the Convention, the Customs office should transmit to an international control system for TIR Carnets the required data on the partial termination of the TIR operation. For details, please refer to Chapter 5 of the TIR Handbook.
Basel, Switzerland	Office of exit	
Weil Am Rhein, Germany	Office of entry	
Freiburg, Germany	Office of destination (2)	Final termination. ^{*/} In accordance with Annex 10 of the Convention, the Customs office should transmit to an international control system for TIR Carnets the required data on the final termination of the TIR operation. For details, please refer to Chapter 5 of the TIR Handbook.

3. The example of a TIR Carnet duly filled-in is given below.

^{*/} For definitions, please refer to the comment to Article 21 "Termination of a TIR operation at the Customs office of exit (en route) and at the Customs office of destination"
