1. At its seventy-first session (October 2019), the Committee considered proposals by TIRExB to advance the use of the International TIR Data Bank (ITDB) by means of the mandatory submission of data in electronic format as an appropriate way forward to confirming the status of ITDB as a reliable database. The Committee, by majority, accepted the proposals, contained in ECE/TRANS/WP.30/AC.2/2018/12, pending formal adoption at its February 2020 session. The delegation of Uzbekistan was ready to support the TIRExB proposal if due account was taken of the Uzbek and the International Road Transport Union (IRU) proposals and requested their joint consideration at the February 2020 session. The delegation of IRU supported the position of Uzbekistan (ECE/TRANS/WP.30/AC.2/145, paragraph 45).

2. In Annex I, the secretariat reproduces the set of accepted proposals, pending formal adoption by the Committee. Annex II contains the corresponding change to the title of the comment to the Model Authorization form (MAF), as a reminder for the Committee.
