**MARGINAL 10 599 ADR - ADDITIONAL RESTRICTIONS
ON THE CARRIAGE OF DANGEROUS GOODS**

Transmitted by the Government of the Russian Federation

The secretariat reproduces hereafter a letter transmitted by the Government of the Russian Federation.

MINISTRY OF TRANSPORT
RUSSIAN FEDERATION
Moscow, 17 November 1999
DMS-11/272

Sir,

In view of the situation concerning the international carriage of dangerous goods in the Russian Federation, the Ministry of Transport wishes to inform the secretariat of the Economic Commission for Europe and its Inland Transport Committee of the measures which the Government of the Russian Federation is taking to address complaints by foreign hauliers.

The international carriage of dangerous goods in the Russian Federation is performed in accordance with the European Agreement concerning the international carriage of dangerous goods by road (ADR) and bilateral intergovernmental agreements.

The Russian Federation consistently endeavours to observe the spirit and the letter of these agreements.

The Ministry of Transport has approved a non-exhaustive list of dangerous goods requiring special properly issued permits for transport purposes (attached).

Moreover, the Ministry of Transport is currently using the ADR as a basis for reformulating its regulations on the carriage of dangerous goods in the Russian Federation.

We should be grateful if you could bring to the attention of ADR signatory countries the Russian Federation's non-exhaustive list of dangerous goods requiring special permits to be issued to Russian and foreign road hauliers in the Russian Federation.

Accept, Sir, the assurances of my highest consideration.

Attachment: as mentioned above, 9 pp.

(Signed) E.D. KAZANTSEV
Deputy Minister of Transport

Mr. Y. Berthelot
Executive Secretary
Economic Commission for Europe

Annex to Ministry of Transport Order No. 77 of 14 October 1999

List of dangerous goods subject to special permits issued by the Ministry of Transport
for international carriage by road in the Russian Federation

Substance Identifi- cation No. (United Nations list)	Name of substance	Hazard Identifi- cation No.	Label	ADR class and item number	Maximum gross mass in kilograms of dangerous substance per transport unit (ADR marginal 10011)
