

**OICA PROPOSAL FOR AMENDMENTS TO DOCUMENT
TRANS/WP29/GRSG/2004/10/Rev.1
(Rear-view mirrors)**

Transmitted by the expert from OICA

Note, amend the end, to read:

“... It is based on document TRANS/WP29/2004/57 to which it refers, and replaces document TRANS/WP29/GRSG/2004/10.”

Paragraphs 2.1.1.4. to 2.1.1.11. (former), renumber as paragraphs 2.1.1.5. to 2.1.1.12.

The paragraphs mentioned are not in line with WP.29/2004/57. Change to:

Paragraphs 2.1.1.4. to 2.1.1.12. (former), renumber as paragraphs 2.1.1.5. to 2.1.1.13.

Paragraph 2.1.1.14. (former), renumber as paragraph 2.1.1.13.

Amendment is not required. Paragraph 2.1.1.14 had already been renumbered as 2.1.1.12 in WP.29/2004/57, but now has to be changed to 2.1.1.13 in the above amendment.

Paragraphs 21.2. and 21.3., amend to read:

"21.2. As from [~~1 October 2004~~ **26 January 2006**], Contracting Parties applying this Regulation shall grant ... (remainder unchanged)

Amendment is not required. The date of 26 January 2006 has already been introduced in WP.29/2004/57

21.3. As from [~~1 October 2004~~ **26 January 2006**], Contracting Parties applying this Regulation shall grant ... of amendments. **However this date shall be postponed by 12 months with regard to the requirements concerning a Class VI front mirror as a component and its installation on vehicles.**"

The first part “As from of amendments” is not required as the date of 26 January 2006 has already been introduced in WP.29/2004/57.

Paragraph 21.6., replace "(00/series)" by "(00 series)"

Amendment is not required. This was taken into account in WP.29/2004/57.

Paragraph 21.8., amend to read:

~~"21.8. Notwithstanding the provisions of paragraphs 21.3. and 21.5. above, Contracting Parties applying this Regulation shall continue to grant approvals according to the 01 series of amendments to this Regulation, to devices for indirect vision for use on vehicle types which have been approved before the date mentioned in paragraph 21.2. pursuant to the 01 series of amendments of Regulation No. 10 46, and, where applicable, subsequent extensions to these approvals."~~

GRSG modified paragraph 21.8 so that it applied to the approval of replacement parts for existing vehicles. Paragraph 21.8 in WP.29/2004/57 should remain unmodified as below:

21.8. Notwithstanding the provisions of paragraphs 21.3. and 21.5. above, for the purpose of replacement parts Contracting Parties applying this Regulation shall continue to grant approvals according to the 01 series of amendments to this Regulation, to devices for indirect vision for use on vehicle types which have been approved before the date mentioned in paragraph 21.2. pursuant to the 01 series of amendments of Regulation No. 46, and, where applicable, subsequent extensions to these approvals.
