

Informal document № **GRSG-87-32**
(87th GRSG, 12-15 October 2004.
agenda item 1.)

Original: ENGLISH AND RUSSIAN

PROPOSAL FOR DRAFT AMENDMENTS TO REGULATION No. 36
(Large capacity passenger vehicles)

Transmitted by the Expert from the Russian Federation

Paragraph 5.6.1.3., amended:

“5.6.1.3. The minimum number of doors in a vehicle shall be
two, **either two service doors or one service door**
and one emergency door.”

Justification: Ambiguous interpretation of the requirements about the number of doors. Some manufacturers are convinced that one of the doors can be the driver's door.
