**ECONOMIC COMMISSION FOR EUROPE**

**INLAND TRANSPORT COMMITTEE**

Working Party on Road Traffic Safety

Forty-ninth session  
Geneva, 27-30 June 2006  
Item 3 (r) of the provisional agenda

**REVISION OF THE CONSOLIDATED RESOLUTION  
ON ROAD SIGNS AND SIGNALS (RE.2)**

Road signs concerning the carriage of dangerous goods

Note by the secretariat

1. At its seventy-ninth and resumed seventy-ninth sessions (7-11 November 2005 and 26-27 January 2006) the Working Party on the Transport of Dangerous Goods (WP.15) adopted draft amendments to the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR) concerning safety in road tunnels (see ECE/TRANS/WP.15/186/Add.1).
2. Since the effective implementation of these amendments require the use of signs C, 3<sup>h</sup> and D, 10<sup>a</sup>; D, 10<sup>b</sup> and D, 10<sup>c</sup>, WP.15 also adopted draft changes to the interpretation of these signs in Consolidated Resolution on Road Signs and Signals (R.E.2) (See ECE/TRANS/WP.15/185/Add.2, paras. 46-49 and annex 2), for approval by the Working Party on Road Traffic Safety.
3. This issue has already been considered by the Working Party at its 46<sup>th</sup>, 47<sup>th</sup> and 48<sup>th</sup> sessions (TRANS/WP.1/98, paras 19-21; TRANS/WP.1/100, paras 31-33, ECE/TRANS/

WP.1/102, paras. 44-45) as well as by the WP.1 legal group of experts (TRANS/WP.1/2005/13, paras. 12-16; ECE/TRANS/WP.1/2006/16, paras 4-6).

4. The Working Party may wish to recall that it had already adopted, at its 34<sup>th</sup> session, several amendments to paragraph 1.11 of R.E.2 (TRANS/WP.1/69, para. 38). Due to the new proposals from WP.15, some of the changes adopted at that time are no longer relevant.

5. It should also be noted that WP.15 has adopted a transitional period for the implementation of the new ADR provisions (see ECE/TRANS/WP.15/186/Add.1, new paragraph 1.6.1.12 in Part 1, Chapter 1.6 of Annex A of ADR). In accordance with this transitional period, the proposed new interpretation should not be applied before 1 July 2007, and the current interpretation may be used until 31 December 2009. As from 1 January 2010, signs indicating restrictions concerning the passage of vehicles carrying dangerous goods through road tunnels should be displayed in accordance with the new paragraph 1.11 (a) of R.E.2.

6. Attention is drawn to the fact that, according to the provisions of ADR which should enter into force on 1 January 2007, road tunnels should be, at the latest by 1 January 2010, categorized as tunnels of tunnel category A, B, C, D or E. Tunnels of tunnel category A are not subject to any transport of dangerous goods restriction.

7. At the request of the WP.1 legal group of experts, and on the basis of the above developments, the secretariat has prepared a consolidated list of amendments to paragraph 1.11 of R.E.2 which the Working Party may wish to consider and adopt to ensure consistency with ADR.

Proposal for amendment of R.E.2, paragraph 1.11

*The new modifications appear in bold*

*Amend 1.11 to read as follows:*
