For the existing paragraph substitute

The text of the programme of work reproduced below is based on the programme of work, approved by the Inland Transport Committee (ITC) at its sixty-eighth session (7-9 February 2006) (ECE/TRANS/166/Add.1),<sup>1</sup> and the Working Party on Transport Trends and Economics at its eighteenth session (TRANS/WP.5/38, para. 22). The changes proposed are in bold (text to be added) or struckthrough characters (text to be deleted).

<sup>1</sup> It is recalled that the ITC, at its sixty-second session, agreed to consider the programme of work every second year. Such arrangement, however, would not exclude the possibility for the Committee's subsidiary bodies to modify their respective programmes of work annually if there was a need to do so (ECE/TRANS/133, para.99).
