Documentation: Informal document No. 8

1. A representative of the International Road Transport Union (IRU) and the author of the recent IRU-commissioned study on the Internalization of External Cost and the Cheapest Cost

Avoider Principle will present the methodology and results of the study for consideration of the Working Party.

(d) Supply chain challenges for transport

Documentation: Informal document No. 9

2. The secretariat will make a presentation on supply chain challenges for transport, introducing a project aiming to help Governments to facilitate and measure their National Supply Chain competitiveness and the importance of transport in it. The Working Party may wish to comment on the issues and endorse the project proposal and recommend its adoption to the Inland Transport Committee at its seventy-first session in February 2009.
