

**Proposed amendments to document GRSP/2009/17 - draft UNECE Regulation on Pedestrian Safety**

Paragraph 1., replace by the following text

1.            SCOPE

This Regulation applies to motor vehicles of categories M<sub>1</sub> and N<sub>1</sub><sup>1/</sup>.

However, vehicles of category N<sub>1</sub> where the driver's position "R-point" is either forward of the front axle or longitudinally rearwards of the front axle transverse centreline by a maximum of 1100 mm, are exempted from the requirements of this Regulation.

This Regulation does not apply to vehicles of category M<sub>1</sub> above 2500 kg maximum mass and which are derived from N<sub>1</sub> category vehicles, and where the driver's position "R-point" is either forward of the front axle or longitudinally rearwards of the front axle transverse centreline by a maximum of 1100 mm; for these vehicle categories Contracting Parties may continue to apply the requirements already in force for that purpose at the time of acceding to this Regulation.
