Item 5(a) of the provisional agenda

**Proposals for amendments to RID/ADR/ADN:  
pending issues****Comments on the informal document INF.13 - The Definition  
of “Shipment”/“Expédition” in RID/ADN/ADR****(Informal document INF.20 of the previous session)****Note by the government of Romania**

1. The Romanian delegation welcomes the proposal of the Secretariat to introduce the definition of “Shipment” / “Expédition” into RID/ADR/ADN as it offers the Joint Meeting the opportunity to have a principle discussion on the use of several transport specific terms in the agreements/regulation.
2. In this context, we wish to draw the attention of the Joint Meeting on the different occurrences of the terms “Shipment”/ “Expédition” and “Consignment”/ “Envoi” in ADR.
3. Taking into consideration the definitions of the two terms in English and French, we think that the use of these terms in RID/ADR/ADN has to be revised.
4. The words and inconsistencies which have to be analysed are underlined.
