Correction in P200 Table 3

Transmitted by the Government of France

Introduction

1. UN 1790 HYDROFLUORIC ACID, solution, with more than 85% hydrofluoric acid is referenced in ADR, packing instruction P200, Table 3 Substances not in Class 2.
2. It is not referenced in P200, Table 3 of RID, and not in the Model Regulations.
3. For this UN entry, P802 is given in Column (8) of Table A in Chapter 3.2 while P200 is given for the other UN entries listed in Table 3 of P200.
4. The reference of this UN entry in P200, Table 3 of ADR seems to be a mistake which needs to be corrected.

Proposal

5. In P200, Table 3, delete the line dealing with UN 1790 HYDROFLUORIC ACID, solution, with more than 85% hydrofluoric acid.
