

Transmitted by IWVTA Informal Group

informal document WP.29-171-12
(171st WP.29, 14 - 17 March 2017,
agenda item 4.3)

***Report to 171st WP.29 session
from
the 23rd IWVTA Informal Group
meeting***

I. Submission of UN Regulation No.0 without any square brackets except one on R14 “Safety-belt anchorages” in Annex 4 (document WP.29-171-11)

II. Request to WP.29

III. Working schedule

I-1. UN R0; finalized Annex 4 “UN Regulations applicable to IWVTA “

Number	Topic	UN-Regulation
1	Retro reflecting devices	3
2	Illumination of rear registration plates	4
3	Direction indicators	6
4	Front and rear position lamps, stop-lamps & end-outline marker lamps	7
5	Electromagnetic compatibility	10
6	Door latches & retention components	11
7	Steering impact	12
8	Brakes of M1 and N1 vehicles	13-H
[9	Safety-belt anchorages	14]
10	Safety-belts	16
11	Seats, their anchorages, & head restraints	17
12	Front fog lamps	19
13	Interior fittings	21
14	Reversing & manoeuvring lamps	23
15	External projections	26

51	Tyre installation	142

It is proposed to add R87 “Daytime Running Lamp” to Annex 4 (UN Regulations applicable to IWVTA) of UN R0.

I-3. UN Reg. requiring amendments before inclusion in Annex 4

Number	Topic	UN-Regulation	
1	Safety-belt anchorages	14	Expected to be approved at the 61 st GRSP session in May, 2017. If R14/08 will be successfully approved by GRSP and WP.29 in time, R14/08 will be included in Annex 4 of UN R0.
2	Fuel tanks	34	Planned to be included in Annex 4 in November, 2018
3	Anti-theft/ immobilizer	116	Agreed to split R116 into three separate regulations, dealing respectively with “antitheft”, “immobilizer” and “alarm system” to be approved by GRSG in April, 2017 or later.
4	Enhanced CRS	129	R44 would be eventually replaced by R129
5	WLTP; Emission pollutants, Co2 emissions	-	Kick-off meeting of Task Force for transposition of GTR15 into new UN WLTP Regulation was held on February 24, 2017

SGR0 considers that these UN Regulations are significantly important for IWVTA and therefore need to be reviewed by GRs.

I. Submission of UN Regulation No.0 without any square brackets except one on R14 “Safety-belt anchorages” in Annex 4 (document WP.29-171-11)

II. Request to WP.29

III. Working schedule

II. Request to WP.29 (1) Modification of proposed Guidelines and Q&A

IWVTA Informal Group requests WP.29 to consider the following amended documents and to approve them at its November 2017 session when Revision 3 of the 1958 Agreement enters into force:

- “General Guidelines for UN regulatory procedures and transitional provisions in UN Regulations”
ECE/TRANS/WP.29/2017/53 amended to **WP.29-171-24**
- “Explanation to UN Regulation No.0 on the International Whole Vehicle Type Approval – questions and answers”
ECE/TRANS/WP.29/2017/54 amended to **WP.29-171-25**
- “Revision 3 of the 1958 Agreement – questions and answers”
ECE/TRANS/WP.29/2017/55 amended to **IWVTA-SG58-23-07**

II. Request to WP.29 (2) the language for application for approval and accompanying documentation

The current agreement by WP.29:

Refer to paragraphs 45 and 46 of the report of 163th WP.29 session (ECE/TRANS/WP.29/1110)

45. ----- He (Vice-Chair of the IWG on IWVTA) sought the consent of WP.29 to **use English as the only language for the application of type approvals and the accompanying documentation.**

46. The World Forum welcomed the work done by IWVTA and endorsed the proposed procedures above.

Paragraph 3.3 of UN R0 says;

“The application for approval and the accompanying documentation shall be drawn up in English language. The manufacturer shall also provide translation of the documentation into the language requested by the Contracting Party processing the application. Type approval certificates accompanying the application do not need to be translated.”

II. Request to WP.29 (2) the language for application for approval and accompanying documentation

IWVTA Informal Group seeks the guidance from WP.29 on the following points:

1. Paragraph 3.3 of UN Regulation No.0 applies not only to IWVTA but also to DETA database.
2. In order to streamline the administration procedures of the Revision 3 of the 1958 Agreement, the use of English as a common language for application of approval and the accompanying documentation should be expanded to all UN Regulations (the same as UN R0).

(The manufacturer shall also provide translation of the documentation into the language requested by the Contracting Party processing the application.)

I. Submission of UN Regulation No.0 without any square brackets except one on R14 “Safety-belt anchorages” in Annex 4 (document WP.29-171-11)

II. Request to WP.29

III. Working schedule
