**Table C – UN 3295****Transmitted by the Government of Germany**

<i>Related document:</i>	ECE/ADN/45
--------------------------	------------

**Introduction**

1. With effect from 1 January 2019, the Safety Committee adopted the following amendment to Table C: For UN 3295, 9 entries (i.e. those containing benzene), in column (5) add “F” to the text in brackets, if applicable.
2. At the same time, another 15 entries for UN 3295 containing benzene were inserted in Table C (additional entries with the information “II B<sup>4)</sup> (II B3)” in column (16)). For these 15 entries, “F” was not added to the text in brackets in column (5).

**Proposal**

3. The Safety Committee could ask the Informal Working Group to examine whether “F” also has to be added to the text in brackets, if applicable, in column (5) of the 15 entries for UN 3295 that were newly added to Table C.
