

Update on the Work of the International Transport Forum

Young Tae Kim
Secretary-General

19 February 2019

The ITF is the only global body that covers all transport modes

- ▶ **Intergovernmental organisation** with 59 member countries
- ▶ **Think tank and platform**
- ▶ **Annual Summit** of transport ministers
- ▶ Mission is to foster a **deeper understanding** of the role of transport in **economic** growth, **environmental** sustainability and **social** inclusion

*** NEW OPPORTUNITY: Transport Policy Review**

Road Safety

- ▶ Work to improving **road safety data** as a basis for effective policies: **IRTAD**
- ▶ Support international **performance benchmarking** in road safety
- ▶ Build regional **Road Safety Observatories** (LatAm operative, Africa launch imminent, SE Asia planned)
- ▶ **Safer City Streets** - a network of cities to benchmark and improve urban road safety

Decarbonising Transport

The Decarbonising Transport initiative helps decision-makers to choose CO₂ reduction measures that work

- ▶ **Tracking progress:** How do current measures contribute to reaching objectives for less transport CO₂?
- ▶ **In-depth sectoral studies:** What are effective policies for different modes?
- ▶ **Focus studies:** Analyses of specific decarbonisation issues.
- ▶ **National pathways:** Assess available policy levers from a country perspective.
- ▶ **Policy Dialogue:** Organise global dialogue on transport and climate change; conduit for transport sector input to climate change negotiations.
