Economic Commission for Europe

Inland Transport Committee

Working Party on Inland Water Transport

Working Party on the Standardization of Technical and Safety Requirements in Inland Navigation

Sixty-third session

Geneva, 3–5 July 2023

Item 4 (d) of the provisional agenda

Standardization of technical and safety requirements in inland navigation: Prevention of pollution of inland waterways by vessels (resolution No. 21, revision 2)

Amendments to the List of Reception Facilities for Transfer of Waste from Vessels (Annex to Resolution No. 21)

Note by the secretariat

Mandate

1. This document is submitted in line with the proposed programme budget for 2023, part V, Regional cooperation for development, section 20, Economic Development in Europe, Programme 17, Economic Development in Europe (A/77/6 (Sect. 20), table 20.6).
2. At its sixty-fourth session, the Working Party on Inland Water Transport introduced the updated list of reception facilities for the transfer of waste generated on board ships on European inland waterways to the annex to resolution No. 21 by resolution No. 99 (ECE/TRANS/SC.3/213, paragraph 51).
3. The Working Party on the Standardization of Technical and Safety Requirements in Inland Navigation may wish to update the information contained in the list based on the proposal prepared by the secretariat in the annex.

Annex

Amendments to the List of Reception Facilities for Transfer of Waste from Vessels

The table below contains the updated information on the list of reception facilities for transfer of waste from vessels based on the Danube Interactive port map of the Danube Commission.¹

<i>Waterway/place or range where reception facility is available</i>	<i>Name of approved reception facility, contact address, tel., fax and e mail</i>	<i>Type of waste which can be disposed of</i>	<i>Volume of facility</i>	<i>Distance between adjacent facilities</i>	<i>Note</i>
