## Proposal for of new Supplement to UN Regulation No. 116 (Protection of motor vehicles against unauthorized use)

### I. Proposal

*Paragraph 1.10.*, amend to read:

- “1.10. Vehicles approved in accordance with the provisions of Regulation No. 161 on Unauthorized Use are deemed to comply with Part I of this Regulation. **Vehicle alarm systems (VAS) approved in accordance with the provisions of Regulation No. 163 on Alarm System are deemed to comply with Part II of this Regulation.** Vehicles approved in accordance with the provisions of Regulation No. 163 on Alarm System are deemed to comply with Part III of this Regulation. Vehicles approved in accordance with the provisions of Regulation No. 162 on Immobilizer are deemed to comply with Part IV of this Regulation.”

*Paragraph 7.3.9.*, amend to read:

“7.3.9. Status display

- 7.3.9.1. To provide information on the status of the AS (set, unset, alarm setting period, alarm has been activated), the installation of optical displays inside and optical signals outside the passenger compartment is allowed. Any optical signal or any use of lighting and light-signalling devices outside the passenger compartment shall fulfil the requirements of Regulation No. 48.
- 7.3.9.2. If an indication of short-term “dynamic” processes such as changes from “set” to “unset” and vice versa is provided, it shall be optical according to paragraph ~~7.3.10.1.~~ **7.3.9.1.** Such optical indication may also be produced by the simultaneous operation of the direction indicators and/or passenger compartment lamp(s), provided that the duration of the optical indication by the direction indicators does not exceed 3 seconds”

### II. Justification

1. Paragraph 1.10:
  - a. Following the split of Regulation No.116 into Regulation No.161, Regulation No.162 and Regulation No.163, the reference to Vehicle Alarms Systems approved in accordance with the provisions of Regulation No. 163 on Alarm System was mistakenly omitted from paragraph 1.10 of the Scope of Regulation No.116.
  - b. Vehicle Alarms Systems approved in accordance with the provisions of Regulation No.163 should be deemed to comply with Part II of Regulation No.116.
2. Paragraph 7.3.9.2. is incorrectly referencing paragraph 7.3.10.1. “Power supply”, although the reference is relating to paragraph 7.3.9.1. on “optical indications”.
