

Capacity-building and awareness-raising activities in 2022

Forty-second session of the Executive Body,
UNECE CLRTAP secretariat
12-16 December 2022

Activities to promote ratification and implementation

- ❑ Support on information exchanges and peer-to-peer cooperation (EECCA CG meetings - 31 March and 13 April)
- ❑ Sub-regional training on advanced method for estimation of road transport emissions (COPERT model) (14-15 June)
- ❑ Consultation meeting with Uzbekistan on accession to the Convention (23 September)
- ❑ National Clean Air Dialogue in Georgia (19 October)
- ❑ Webinar on implementation and ratification of the Gothenburg Protocol (US EPA, 15 November)
- ❑ Emission projections and emission reduction commitments for Moldova
- ❑ Support the participation of delegates in regular sessions (WGSR, EMEP/WGE, EB)

E-learning

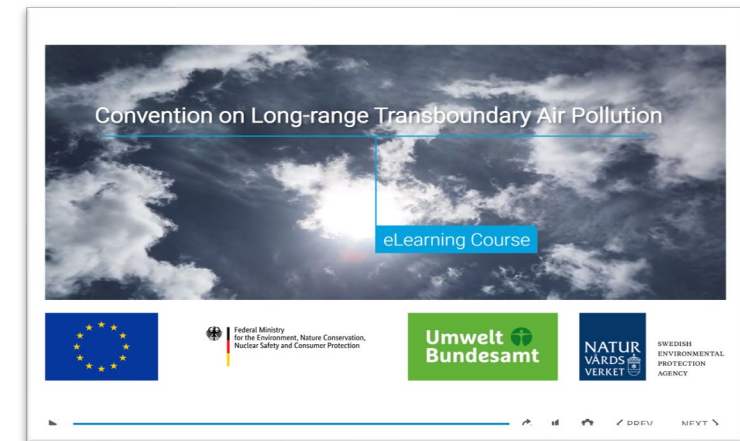

□ Launch of the e-learning course on the Convention and its protocols (8 June 2022)

Module 1: The Air Convention

Module 2: The Gothenburg Protocol

Module 3: The Protocol on Heavy Metals

Module 4: The Protocol on POPs

□ Development of introductory e-learning course on emission inventories (launch: spring 2023)

Module 1: Purpose and scope of emission inventories

Module 2: Reporting process and templates

Module 3: Emission estimation methods

Lessons learned and needs

Key challenges

- Long-term uncertainty in financing (monitoring, laboratories, staff etc.)
- Lack of capacity and expertise in air pollution research and policy
- Lack of awareness at different levels of society
- Need for further development of the legal framework (harmonization of international standards)
- Need for substantial modernization of industrial sectors (BAT application)

Further needs

- Awareness-raising campaigns to promote technical guidance (e.g., good agricultural practice in GE)
- National clean air dialogues to follow up on National Action Plans (AM, AZ, KZ)
- Emission projections and setting national emission reduction targets (AM, MK)
- Improve and maintain emission reporting
- Cooperation and exchange of information

Thank you!

CLRTAP, UNECE
